

National Year of Reading 2026

March

Are you ready to go all in?
Get reading every month with
a new reading challenge!

Your challenge this month is
to take part in World Book
Day!

This year we are linking the
love of reading with learning
about ourselves and our
feelings. Through stories, we
will understand our emotions
and learn how to take care of
our wellbeing.

Read, The Colour Monster with your grown-up at home
and discuss together.

Why not create your own emotion colour monster?

Bring it in to school and share with your class.
